For families with concerns about full-time attendance at their school of record during the 2020/2021 school year eBlend will allow students to remain affiliated with their school and allow for the option of a return to full time attendance (space provided) prior to June 2021 and a guaranteed spot at their school September 2021.

\*\*Moodle is an online Learning Management System (Others include Blackboard, canvas), all course materials, quizzes....content.... can be delivered and completed at distance. Students will need internet access with reasonable download rates (as many courses contain media files). Students work independently and can access their course specific teacher for support during school hours, either online or face to face. Courses developed by BC accredited teachers and the Western Learning Consortium.
